## Skid Steer Loaders

### Skid Steer Loaders - Radial Lift

Model	Net Horsepower	Operating Capacity	Hinge Pin Height
216B2	49 hp	1,400 lbs	112 in
226B2*	57 hp	1,500 lbs	112 in
236B2	70 hp	1,950 lbs	122 in
246C*	73 hp	2,150 lbs	122.9 in
256C*	82 hp	2,350 lbs	122.9 in

\* High Flow Available on these units.

### Skid Steer Loaders - Vertical Lift

Model	Net Horsepower	Operating Capacity	Hinge Pin Height
232B2	57 hp	1,900 lbs	118.6 in
242B2*	57 hp	2,100 lbs	119.9 in
252B2	70 hp	2,500 lbs	126.4 in
262C*	82 hp	2,700 lbs	127 in
272C*	90 hp	3,250 lbs	129 in

\* High Flow Available on these units.

### KEY PRODUCT FEATURES

- B2 Loaders are pilot operated and require only minimum wrist/hand movement.
- C-Series seat and joystick controls are independently adjustable to meet the comfort needs of the operator.
- Exclusive anti-stall feature delivers maximum torque to the wheels and work tools, virtually eliminating engine stall.
- Powerful hydraulics deliver outstanding lift and breakout forces.
- Spacious, high visibility cab provides clear view of the work tools.
- Universal quick coupler provides quick, easy tool changes.

## Multi Terrain Loaders

### Multi Terrain Loaders

Model	Net Horsepower	Operating Capacity	Ground Pressure	Hinge Pin Height
247B2	57 hp	2,050 lbs	4.0 psi	112 in
257B2*	57 hp	2,500 lbs	4.5 psi	119 in
277C*	82 hp	3,212 lbs	3.7 psi	123 in
287C*	82 hp	3,854 lbs	3.9 psi	127 in
297C*	90 hp	4,233 lbs	3.9 psi	129 in

\* High Flow Available on these units.

### KEY PRODUCT FEATURES

- Exclusive Maximum Traction and Support System (MTSS) Undercarriage provides an unbeatable combination of high traction and low ground pressure.
- Exclusive Cat® low-effort joystick controls.
- Smooth ride and stability increase productivity, control and reduce operator fatigue.
- Multiple levels of suspension provide smooth ride and ground-hugging traction.
- Ideally suited for use on sensitive surfaces such as landscaped lawns and anywhere tires and compaction can cause damage.

## Compact Track Loaders

### KEY PRODUCT FEATURES

- Fully suspended steel undercarriage delivers the smoothest ride and better material retention.
- Standard two-speed lets you move material more efficiently around the jobsite.
- Spacious, sealed and pressurized cab provides a comfortable work environment.
- Adjustable seat-mounted controls and an available air ride seat keep you comfortable throughout the work day.
- Fastest CTL in the industry.

#### Compact Track Loaders

Model	Net Horsepower	Operating Capacity	Ground Pressure	Hinge Pin Height
279C*	82 hp	3,200 lbs	4 psi	123 in
289C*	82 hp	3,850 lbs	4.1 psi	128 in
299C*	90 hp	4,150 lbs	4.3 psi	129 in

\* High flow available on all CTL units.

## Compact Excavators

### KEY PRODUCT FEATURES

- Powerful diesel engine provides rugged, reliable operation while providing peak performance in a wide range of operating conditions.
- Wide range of work tools provide versatility in applications including building construction, utilities, landscaping and demolition.
- Front linkage geometry provides excellent digging depth, reach and dump height for a wide working range with superior excavation performance.
- Ergonomic design of the operator's station provides maximum comfort with less operator fatigue.
- Hydraulic system provides fast, smooth operation with outstanding performance.

#### Compact Excavators

Model	Net Horsepower	Operating Weight	Max Digging Depth
		with cab	standard stick/long stick
301.8C	18.1 hp	3,792 lbs	7'0"/7'8"
302.5C	24.9 hp	6,283 lbs	8'8"/9'7"
303C CR	30.0 hp	7,835 lbs	9'7"/10'6"
303.5C CR	39.0 hp	8,620 lbs	10'4"/11'3"
304C CR	41.6 hp	10,844 lbs	10'6"/12'1"
305C CR	47.0 hp	11,725 lbs	11'5"/12'9"
308D CR SB	55.8 hp	18,519 lbs	13'9"/15'6"

## Work Tools

Backhoes

Hammers

Augers

Buckets with Thumbs

Shears

Pallet Forks

Vibratory Compactors

Brooms

Blades

Vibratory Roller

Trenchers

Stump Grinders

## KEY PRODUCT FEATURES

- Quick Coupler (optional hydraulic or standard). Work tools can be changed quickly and easily with the integrated mechanical quick coupler system. The universal interface features opposing wedges that ensure a tight tool fit, even after years of use. The optional hydraulic quick coupler, available on some machines, lets you change work tools from the cab in under a minute.

**The largest work tool line up in the industry.**

## In the market for a used machine?

Louisiana Machinery maintains a large inventory of quality, low-hour used machines. Give us a call!
